RC Primary School

4th June 2026

Dear Parents and Carers,

Inflatables Session in School

Following our Summer Fair and the recent wet weather, unfortunately we were unable to go ahead with the inflatable activities planned as a special addition for our 70th Anniversary Celebrations due to health and safety concerns.

However, we are delighted to share some good news! The inflatable company have kindly agreed to bring the inflatables into school on Monday to ensure that we do not lose the money already committed. This means that every child will have the opportunity to enjoy a fun session on the inflatables during the school day.

Children may come to school wearing sports clothing or comfortable clothes that they can move, bounce and play in safely. Please ensure that footwear is suitable for active play.

Apologies for the short notice. This is an additional opportunity that has arisen unexpectedly. I know that the children will absolutely love it and most importantly, they deserve it for being such fantastic pupils.

As the inflatables were originally intended to contribute towards our Summer Fair fundraising efforts, we are asking for a voluntary contribution of £2 per child. Any contributions received will help to support the school and future events for our children. **This will be added to your parent pay account**

Thank you, as always, for your continued support and cooperation.

Kind regards,

Ruth McNamara
